

26 years in the Royal Navy Submarine Service as a Weapons Engineer Officer, B.Eng (Hons), in nuclear submarines. Responsible for the complete operation, maintenance, testing and trialling of all onboard weapon systems. Retired in 2007 as a Lieutenant Commander and continued his Naval links/service through the RN Reserves, with duties for 'Media' liaison and communications. Besides his broad engineering knowledge his experience includes marketing and selling through the platforms of television, radio, printing and social media channels. Sporting interests include tennis, cycling and tobogganing, becoming Assistant Secretary of the world famous St. Moritz Tobogganing Club (Cresta Run) in 2008. Now part of the Eclips management team, responsible for the development of commercial/private financial investment and business opportunities.
